available budget and clearly defining the inputs required from **kasneb** to ensure satisfactory implementation of the assignment.

2.10.3 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, **kasneb** expects to negotiate a contract on the basis of the experts named in the proposal. Before contract negotiations, **kasneb** will require assurances that the experts will be actually available. **kasneb** will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.

2.11.3 The parties to the contract shall have it signed within 90 days from the date of notification of contract award unless there is an administrative review request.

The tenderer shall sign a declaration that he has not been and will not be involved in corrupt or fraudulent practices.
