

Road Safety Measures

Hasty actions may not lead to safety

Take a pledge to drive safely

Accidents are common on our roads everyday. Thousands of people lose their lives on our roads everyday. To prevent road traffic injuries, we must take caution when driving at all time. Here are some tips to prevent road accidents/minimize road fatality.

Accidents do not happen, they are caused.

Avoid distractions

Concentrate on the road. Don't text or talk on the phone while driving. Pull over if you need to use your phone.

Always Buckle up

Wear your seat belt at all times. It helps keep you safe and secure inside your vehicle.

Never drink and drive

Alcohol/drugs consumption can put anyone at risk of causing an accident or serious injuries to other road users

Check your car before you drive

Inspect your car tire pressure, brakes, battery, lights, oil, water, air, gas and engine.

Keep an eye out for children

Pay full attention to your surroundings especially when driving near school, school bus and parked car.

Avoid speeding

Plan your journey to allow plenty of time to get to your destination without a rush. Watch for speed limit signs.

Don't Tailgate

Keep your distance. Observe a safe trailing distance of between your car and the car in front of you.

Follow traffic signals

Observe traffic lights. Prepare to stop at yellow lights and do a full stop at red lights.

Make a plan

Allot enough time to drive safely to your destination. Consider breaks in between. Avoid rush.

Observe lane discipline

Use your indicators for at least a few second before changing lane. Observe lane discipline.
