CAREER PATHS

Why choose DQM?

The Quality Management Practitioners curriculum is among the first to transition to Competency-Based Education and Training (CBET). A competency-based programme is a combination of skills, abilities and knowledge needed to perform a duty in a specific context.

The Diploma in Quality Management (DQM) is designed to equip quality management practitioners with the skills and expertise needed to excel in both the public and private sectors.

The graduates will be able to take up Quality Management Practitioner roles in; Quality Assurance, Quality Compliance, Quality Control, Quality Inspection and Standardization among others.
